**Resolution No. 138 presented by Councilor Race, seconded by Councilor Johnson**

**CHEMICAL TREATMENT OF EURASIAN WATERMILFOIL IN CAZENOVIA LAKE  
(Potential 2024 Treatment - ProcellaCOR EC)**

**WHEREAS**, previously the Town of Cazenovia Town Board has determined that protection and restoration of the water quality, aesthetic condition, recreational usage and aquatic habitat of Cazenovia Lake is in the best interest of our entire community with respect to environmental stewardship, culture heritage and economic interests; and

**WHEREAS**, the invasive aquatic macrophyte *Myriophyllum spicatum*, commonly known as Eurasian watermilfoil, has become increasingly abundant in Cazenovia Lake and degrades the Lake’s water quality, aesthetic value and recreational potential; and

**WHEREAS**, for decades the Cazenovia Lake Association has attempted to manage the symptoms of excessive weed growth through harvesting and other measures with only limited success; and

**WHEREAS**, a Cazenovia Lake Summit was held on November 15, 2008 to bring together experts in effective control measures for Eurasian watermilfoil in lakes, including a senior representative of the Lakes Division of the New York State Department of Environmental Conservation; and

**WHEREAS**, after impartial evaluation of all viable alternatives, a chemical treatment program using the chemical Triclopyr, with a brand name of Renovate, appeared to offer the greatest potential for effective control of Eurasian watermilfoil in Cazenovia Lake; and

**WHEREAS**, the chemical Trichlopyr has been subject to rigorous federal and state environmental reviews prior to its approval for use in New York State lakes for control of Eurasian watermilfoil; and

**WHEREAS**, in the early Summer of 2009, the Town received a permit from the New York State Department of Environmental Conservation to apply the herbicide Trichlopyr for certain portions of the Lake (Northern); and

**WHEREAS**, a second phase of treatment of the Lake occurred in the Summer of 2010 for the central and southern portions of the Lake, a third treatment occurred in 2011, a fourth treatment occurred in 2014, a fifth treatment occurred in 2017, a sixth treatment occurred in 2019, and a seventh treatment in 2021; and

**WHEREAS**, the treatments occurring pursuant to the Summer 2009, 2010, 2011, 2014, 2017, 2019 and 2021 applications have been deemed to have had measurable levels of success; and

**WHEREAS**, the seven previous treatments, while highly successful for many areas of the Lake, have certain limitations, including some residual requirements in areas which were otherwise untreated or treated at lower levels such that regrowth and repopulation of Eurasian watermilfoil has occurred at levels which should now be addressed; and

**WHEREAS**, it has been proposed to continue the limited treatment of the Lake for the Spring of 2024, utilizing the alternate herbicide known as ProcellaCOR EC, which was used in the 2021 treatment of the Lake; and

**WHEREAS**, the herbicide ProcellaCOR EC has shown positive results in other studies and applications on freshwater bodies in New York State and has been approved for use by the New York State Department of Environmental Conservation in such instances; and

**WHEREAS**, the consulting firm Ready Scout, LLC, with an Office in Great Meadows, New Jersey, has proposed to offer professional services to prepare a pesticide application permit to New York State Department of Environmental Conservation for a proposed 2024 treatment utilizing the herbicide ProcellaCOR EC on behalf of the Applicant for a fee not to exceed One Thousand Six Hundred Dollars and 00/100 (\$1,600.00) without additional authorization; and

**WHEREAS**, Volume 6 NYCRR, Sections 617.3 and 617.6 of the Regulations relating to Article 8 of the Environmental Conservation Law of New York (SEQRA), requires that as early as possible and within twenty (20) days of a proposed action, an involved agency shall make a determination whether a given action is subject to the aforementioned law; and

**WHEREAS**, the Town Board has completed and submitted a Short Environmental Assessment Form and the same has been reviewed and considered by the Board.

**NOW, THEREFORE, IT IS RESOLVED** that the Town Board of the Town of Cazenovia hereby notices all agencies involved, if any, that it shall be lead agency for this action; and it is further

**RESOLVED**, that the Town Board of the Town of Cazenovia hereby determines that the proposed action is an Unlisted Action, the proposed action does not involve any federal agency and the proposed action does not involve more than one agency such that there shall not be a coordinated review; and it is further

**RESOLVED**, that the Town Board hereby determines the proposed action will not have a significant effect on the environment, and this Resolution shall constitute a Negative Declaration for the purposes of Article 8 of the Environmental Conservation Law, Volume 6 of the NYCRR, Section 617.3, since the proposed action is limited to the funding and execution of an application for a 2021 treatment of Eurasian watermilfoil currently harming Cazenovia Lake with the herbicide ProcellaCOR EC; and it is further

**RESOLVED**, that the Supervisor be and hereby is authorized to enter into an agreement with Ready Scout, LLC of Great Meadows, NJ pending review by the Attorney for the Town, for professional services for an amount not to exceed One Thousand Six Hundred Dollars and 00/100 (\$1,600.00) without additional prior written authorization, all pursuant to Ready Scout’s “Service Proposal: NYSDEC Article 15 Permitting for Cazenovia Lake” dated October 16, 2023.

**Attorney's Report:** *John Langey, Esq. said it was a busy month and will continue to be busy. The Oweria Vineyards application is before the Planning Board and a decision on that was held. The Planning Board did close the public hearing and it was a very well attended meeting. He has been working with the Assessor on an exemption issue. He said his office is putting together a solar battery local law for the Town Board to discuss and his office has been doing this for a number of their clients. Councilor Golub and he have been working with the folks from Abundant Solar for the project at the highway garage. Also, he mentioned he is handling a matter for the Zoning Board of Appeals. Lastly, regarding the sale of the building in New Woodstock, he received a call from the purchaser's attorney.*

\*\*\*\*\*

**Supervisor's Report:** *Reported he was pleased to report they were awarded a \$ 500,000 grant from Al Stirpe's Office for the Mt. Pleasant Water District, upgrades to the Water Pollution Control Facility and a boat washing station. He explained \$ 180,000 will be used for Mt. Pleasant, \$ 300,000 for the Water Pollution Control Facility and \$ 20,000 for the Boat Washing Station. He said the three exemptions kept him busy over the last month. Lastly, he has been trying to do some housekeeping on miscellaneous matters before his term ends.*

*Supervisor Zupan explained to Councilor Golub only one grant can be used for the boat washing station. He said they do not know if the Town will be awarded the DEC Grant, but the Stirpe grant will be awarded. He said it will be roughly 6-8 months before the award letter comes for the SAM Grant and funds can't be spent until that time. He said at this point, there is a verbal commitment for the \$ 500,000. He thought after the State budget passes in March, the Town will know. He was unsure when the Town would receive notification about the DEC Grant.*

\*\*\*\*\*

**Councilor Race** (Highway Department, South Cemetery, Water Pollution Control Facility & Water Districts): *He said the weed harvester is cleaned and put away for the winter. He said they are getting ready for winter-mode and hired a new employee and are now back to full capacity. The Ridge Road Project will go out to bid around the first of the year. He confirmed the project will be done in 2024 and there is a 60-day completion timeframe once work commences.*

**Councilor Golub** {Cazenovia Lake Association, Cazenovia Lake Watershed Council, Solar & Future of the Town Office (Gothic Cottage), Anti-racism Coalition, UCAN}: *Reported the Department of Transportation completed the work at the intersection of Routes 92 & 20. He was told they did the construction as was outlined. However, they did not put stones at the mouth of the culvert. He said he was going to donate stones to get that last step accomplished.*

*Councilor Race cautioned him against doing anything without a permit. He explained the Town was fined some years ago for putting the boulders at the parking area and they weren't even in the Lake.*

**Councilor Reger** (Planning & Zoning, CACC, Comprehensive Plan, Shared Services & New York State Police): *Reported he had a busy month and he felt John already captured all the highlights with Planning & Zoning. He said on October 24, 2023 there was the public outreach meeting on the Comprehensive Plan. It was well-attended and they received a lot of positive feedback. He reported a postcard was mailed out, today, to every household in the Town of Cazenovia. There is a QR code will take participants to the link for the survey, alternatively,*

folks can go to [www.caztownplan2030.org](http://www.caztownplan2030.org) which is kept up-to-date with progress on the Plan. Individuals can also send an e-mail to [caztownplan2030@gmail.com](mailto:caztownplan2030@gmail.com) with any questions or issues. He encouraged individuals to look at the survey because it is paramount to get as much public input as possible because it is the vision of the Town moving forward. Lastly, he wanted to thank Supervisor Zupan for being so gracious with his time. He has made an effort to include and invite him to all types of meetings to prepare for his transition as Supervisor. He added Bill has spent countless hours to meet with him.

**Councilor Johnson** {CACDA, Senior Recreation & Joint Youth Recreation, Parks, New Woodstock Fire Department, Solar & Future of the Town Office (Gothic Cottage)}: *Reported there was a public forum on October 11<sup>th</sup> for the visioning of the Cazenovia College campus. The turnout was great with the two sessions totaling about 375 attendees. Kate Hill of the Cazenovia Republican did a great job capturing the meeting. If individuals were unable to attend, they can check out the article for the highlights of the presentation. She said The Wetzels have set up a fund specifically for CACDA at Central New York Community Foundation. She said it was set-up in a way that there are certain specifications as to how the funding can be used. As of now, there is \$ 25,000 a year that can be spent with a requirement for matching funds. She said CACDA is open to suggestions on how the funding can be used. On another note, CACDA is working on closing out the micro-enterprise program. She said ESF students are working on some parking designs for the back entrances for the businesses on Albany Street. She said this is preliminary work on how the space can be used. She said CAZLIFE & CAZARTS have a \$ 40,000 legislative initiative grant to promote Cazenovia and expand Winterfest. They are talking about setting up a curling rink at Meier’s Creek or investing in a new groomer for the trails. Lastly, she said she attended a webinar called, “How to Fund Sustainable Afterschool Programs in Your City.” She thought there were some topics that she felt could be included as part of the plan for recreation in the Town of Cazenovia.*
