

**New Date Set!**

**~Due to Unforeseen Circumstances, Lake Treatment was Postponed~**

**LETTER OF NOTIFICATION**

**CAZENOVIA LAKE HERBICIDE TREATMENT DATE: June 12-13, 2024 (rain date: June 14, 2024)**

The Town of Cazenovia has received an approved NYSDEC aquatic herbicide permit to apply ProcellaCOR EC on **June 12-13, 2024 (rain date: June 14, 2024)** to control Eurasian Watermilfoil (*Myriophyllum spicatum*) in areas of the lake. The Program will be conducted by NYS Certified Pesticide Applicators with the firm **READY SCOUT, LLC**, NYSDEC Pesticide Business Registration No.18575.

The roads along the lakeshore and public access points will be posted at the time of the treatment indicating applicable water use restrictions. The following water use restrictions are currently applicable for your property for the duration of the treatment PLUS as indicated in the table below.

**Water use restrictions are as follows:**

Product	Swimming	Fish Consumption	Livestock Watering	Drinking, culinary or food processing purposes	Irrigation
<b>ProcellaCOR EC</b>	no restriction	no restriction	<1 ppb	no restriction	<1ppb

Water samples will be collected following treatment to determine when livestock watering and irrigation restrictions can be removed. This may take 7-14 days after treatment.

The product label is available for review at: [www.townofcazenovia.org](http://www.townofcazenovia.org) and **Ready Scout at: [www.ready-scout.com/product-label-info](http://www.ready-scout.com/product-label-info)**

For further information about the proposed management program or hard copies of the product label, please contact The Town of Cazenovia at [315-655-9213](tel:315-655-9213) or Glenn Sullivan, Ready Scout, LLC at 908-310-8775 between 9:00am and 4:00pm, Mon - Fri.
