Code Enforcement Officer: _____

No fence exceeding eight feet (six feet for roadside front yard) in height shall be permitted anywhere within the Town, except that a fence up to 12 feet in height may enclose a tennis court, provided that it complies with applicable setback requirements.

Fences shall be set back a minimum of one foot from the respective property line, with the exterior (good) side of the fence facing out, and with the wiring, structural elements or other components of the fencing not designated for presentation to the public facing in.

No fence shall be constructed in a road or street right-of-way. This provision shall not apply to approved agricultural uses. No fence, in any case, shall impair visibility for traffic and pedestrian safety.

Application is hereby made for the issuance of a Building Permit pursuant to the New York State Building Construction Code for the construction of buildings, additions or alternations, or for removal or demolition as herein described. The applicant agrees to comply with all applicable laws, ordinances and regulations.
